Evidence of Robo-Signing by the purported Nikole Shelton

Dear Judge Glenn,

During the evidentiary hearing Keeley testified that she worked with Nikole Shelton - apparently in an office that generated thousands of fraudulent documents a week, year after year even through bankruptcy. Attached are two examples of the purported signatures of Nikole Shelton. Any impartial and objective person will recognize these examples are so dissimilar that they were obviously done by two different people and are yet another example of blatant fraud by robo-signing. Even if the assignments were signed and notarized by legitimate parties, which clearly they were not, an assignment executed after a PSA's closing date is void, *see Wells Fargo Bank, N.A. v. Erobobo*, No. 31648/2009, 2013 WL 1831799, at *8 (N.Y. Sup. Ct. Apr. 29, 2013). The Erobobo case provides a detailed insight into both the relevant NY law governing PSA's and also the legal tax ramifications that would prevent late transfers from occurring. Not only are the assignments fabricated, they are void as ruled in Erobobo. The objection is devoid of merit and my claim should be paid in full and immediately.

Respectfully,

Francine Silver
